About us

Ashkha Tech specialize in the design, development, and manufacturing of customized rubber and steel industrial products tailored to meet the unique needs of various industries. With a strong commitment to quality, durability, and performance, our products are engineered to withstand the most demanding industrial environments.

From rubber gaskets, seals, and silicone and food grade engineering parts. vibration dampers to precision-engineered steel components and structural parts, we offer comprehensive solutions that ensure efficiency, safety, and reliability across sectors such as construction, pharmaceutical, oil & gas, FMCG, marine, and heavy machinery.

Leveraging advanced manufacturing techniques and a skilled technical team, we provide bespoke solutions that adhere to international standards and specifications. Whether you require high-performance rubber compounds or robust steel assemblies, our goal is to deliver products that exceed expectations and add value to your operations.

Rollers

Ashkha Tech is a leading provider of Rubber Rollers using various rubber like Silicone, Neoprene, Hypalon, Polyurethane, Buna Nitrile, Natural Rubber, Thiokol, Viton and EPDM for Offset, Roto Gravure, Flexo, Lamination, Tin Printing, Holography, Garment and Corona treatment. The choice of covering material and the duro (hardness) is determined by Rollers' Environment and function.

Printing Industry Rollers

Ashkha Tech deals with all type of printing Rollers such as Heidelberg, (Kor64, 62, Kora, Kors, GTO52, 46, Speed master Sord, Sork, MO, Drupa etc) Komori (Lithrone 26, 28, 40 and Sprint 25), Dominant, Orient machine and Solna. The familiarity with the problems faced by the printer enable us to offer printing rollers which are fully complied with the technical needs of the customers.

Ready to use Rollers

Ready to print rollers are supplied with a new core machined on CNC lathes on very high accuracy. The core is dynamically balanced before and after covering. The rollers are fully concentric, dynamically balanced and world class standards. Heidelberg GTO 46 and GTO52 rollers are always available in our stock.

Grooved & Serrated Rollers

Diamond Serration
Wrinkle Stopper
Metal/Wood Contact
Herring Bone
Fluted Serration
Circumferential Serration

Engineering Products

MOLDED PRODUCTS

Seals
Coupling
Bushes
Pads
Grommets
Gaskets
Solid Tyres Clamps
Speed Breakers
O-Rings
Diaphragms
Wheels

EXTRUDED PRODUCTS

Profiles
Rubber Beedings
Water Stops
Rubber Tubes Sleeves
Corner Guards
Gaskets

RUBBER LINING

Tanks
Vessels
Pipes
Valves
Chutes
Conveyor Pulley
Lining for Sound Reduction-Applications

Industrial Flooring Range

Ashkha Tech's Industrial Flooring range has been developed to deliver the ultimate Hygiene durability and resistance for hard-wearing surfaces that stand the test of time.

Reliable formulations stand up to heavy fork-lift truck, pallet truck and pedestrian traffic, whilst boasting impressive resistance levels against aggressive chemicals, cleaning agents and spillages across a number of production areas, including those subject to extreme temperature change.

What's more, Ashkha Tech's Industrial flooring range offers everything from textured finishes for slip resistance to UV stability to maintain colour vibrancy. Some ranges are even available in an antistatic grade for the protection of sensitive electronic equipment, resulting in a range of flooring solutions perfect for a variety of heavy duty industrial environments.

Application Suitability

Printing

Ashkha Tech Industrial Belts are the Providers of PVC/PU/PE Conveyor Belts with Cleats, Sidewalls and profiles. BANDO JAPAN, Rubber /PU Timing belts, V Belts, Poly V Belt. Conveyor Belt Fasteners, Clippers, Alligator, FDA Belt Pre Cleaner, STP's & Tools. HILTON Rubber Conveyor Belts.

PVC CONVEYOR ENDLESS BELTS

PU CONVEYOR ENDLESS BELTS

PAPER MILL FLAT ENDLESS BELTS

PVC, PU, CLEATED SIDE WALL BELTS

BANDO POLY FLEX BELTS

DRAWDOWN SILICON COATED
TIMING BELTS

IMPORTED ALL TYPE OF BANDO
TIMING BELTS & V-BELTS

FLEXCO USA BELT FASTENERS

MEGADYNE & A - POWERFLEX
PU TIMING BELTS

ASHKHA TECH
Customized Rubber and Steel Industrial Products

Ashkha Tech Engineering Division

With its professional CNC machine shop and specialized operators, Ashkha Tech has the experience and capacity to carry out precision and ultra-precision CNC machining works. As Ashkha Tech, we do not only complete and deliver your orders in time but also provide a price advantage. Besides offering our precision and ultra-precision CNC machining services at competitive prices, we also provide reliable and personalized customer service after on-time delivery of your order.

Ashkha Tech Electrical Panel Manufacturing

We, Ashkha Tech, is a fast growing firm in electrical field, for manufacturing Power and Control Distribution Boards. We specialize in range of Power and Control Panels with for all kind of industries. We have full facility for testing various types of Distribution Boards. We have professionally managed team to meet most stringent quality standard to cater our client's requirements Since our establishment, we Ashkha Tech have emerged as India's one of the most prominent manufacturers, suppliers, and service providers of a comprehensive range Electrical Control Panels. Our products are manufactured by using quality basic material and environment friendly processing techniques. We also provide customize control panel solutions to our customers as per their specifications.

Ashkha Tech Glass System

We distribute glass curtains, telescopic screens, panoramic sliding doors, panoramic partitions, glass railings, bioclimatic pergolas, pergolas with fixed self-supporting roofs and accessories such as pleated mosquito nets, outdoor heating, sun protection and zip blinds.

Our closures can be adapted to different configurations, whether for a balcony with angles, a terrace, a veranda, a loggia, a winter garden, a business or even inside a house or business, our custom creations offer a panoramic space to your living spaces.
